## **Umbanda: Introduction to the Sacred of the Gypsies**

Lecture and Ritual

Sunday, July 22, 2007

1:00 - 5:00 PM

### *Prince William Forest Park*

An opportunity to discover and experience the healing magic of the Gypsy line of Umbanda. Guided by Iyalorixá Iya Darinlê, the participants will be able to explore some of the depth and beauty of the Gypsy tradition also known as the “Line of the Orient”, to balance body, mind and spirit. The lecture will be followed by a Gypsy ritual open to the public.

More than a cultural event, the Gypsy celebrations promoted by Templo Guaracy are entirely committed to the sacred values of the different clans that are at the origin of the great Gypsy Nation. This commitment is based on the principles of respect to the freedom of cultures and their unique traditions.

The lecture will be presented by Iyalorixá Iya Darinlê (Tina de Souza). Tina is a psychologist and a priestess of Templo Guaracy do Brasil. In the last 15 years, she has offered workshops in Europe and the United States, blending the knowledge of psychology with the wisdom of Umbanda, a nature-based tradition.
