

Telemental Health Informed Consent

I, _____, hereby consent to participate in telemental health with James Michael Reeder (DBA "Hygeia Counseling Services") as part of my psychotherapy. I understand that telemental health is the practice of delivering clinical health care services via technology assisted media or other electronic means between a practitioner and a client who are located in two different locations.

I understand the following with respect to telemental health:

- 1) I understand that I have the right to withdraw consent at any time without affecting my right to future care, services, or program benefits to which I would otherwise be entitled.
- 2) I understand that there are risks, benefits, and consequences associated with telemental health, including but not limited to, disruption of transmission by technology failures, interruption and/or breaches of confidentiality by unauthorized persons, and/or limited ability to respond to emergencies.
- 3) I understand that there will be no recording of any of the online sessions by either party. All information disclosed within sessions and written records pertaining to those sessions are confidential and may not be disclosed to anyone without written authorization, except where the disclosure is permitted and/or required by law.
- 4) I understand that it is my responsibility to find a location with enough privacy to assure confidentiality on my side of the conversation. I will let my therapist know if any other people are present in the room, within hearing distance, or monitoring the audio/visual communications. I will dress in a manner to maintain modesty and sit up during the telemental health session. Use of bedrooms is discouraged although its understood that this may be necessary occasionally. If I am located in a car, I will not be driving during the telemental health session. Exceptions (going for a walk outside while talking, etc.) will be discussed each time with my therapist and the risk of loss of confidentiality is assumed by me.
- 4) I understand that the privacy laws that protect the confidentiality of my protected health information (PHI) also apply to telemental health unless an exception to confidentiality applies (i.e. mandatory reporting of child, elder, or vulnerable adult abuse; danger to self or others; I raise mental/emotional health as an issue in a legal proceeding).
- 5) I understand that if I am having suicidal or homicidal thoughts, actively experiencing psychotic symptoms or experiencing a mental health crisis that cannot be resolved remotely, it may be determined that telemental health services are not appropriate and a higher level of care is required.
- 6) I understand that during a telemental health session, we could encounter technical difficulties resulting in service interruptions. If this occurs, end and restart the session. If we are unable to reconnect within ten minutes, please call me at 877-823-3439x1 to discuss since we may have to re-schedule.
- 7) I understand that my therapist may need to contact my emergency contact and/or appropriate authorities in case of an emergency.
